Monday, 2.6.12

**Dear School District & Community--**

Hello Everyone, please find our weekly Cambridge Green Schools Initiative (CGSI)updates below.

Visit our website for more information: http://www3.cpsd.us/sustainability/Sustainability.

- Products: ***"People Powered Machines."*** This website provides information, educational resources and eco-products: http://www.peoplepoweredmachines.com/.

- Food: ***"Our Schools' Food Department Website."*** Click here to visit the Food Department's website for lots of information on our healthy and delicious food menus: http://www3.cpsd.us/department/food/Food_Services.

- Energy: ***"District-wide DDC Integration Project."*** We are currently finishing a school-wide engineering project that integrates our DDC systems, which helps to reduce energy through efficient controls programming. Click here to read more about energy projects happening through our Office for Sustainability: http://www3.cpsd.us/sustainability/energy.

- Waste: ***"Schools' Recycling Stats."*** Please click the link below to read our schools' recycling statistics. Total Schools Recycling: **82.8 tons/**165,648 pounds. Great job!!! http://www.cambridgema.gov/theworks/ourservices/recyclingandtrash/aboutrecycling/Schools/recyclinginschools/recyclingreports.aspx

- Greenspace:***"Jane Goodall's Root & Shoots."*** Help Jane Goodall's Roots & Shoots members around the world complete one million hours of community service be the end of 2012! ***Why?*** Several of Cambridge Public Schools' own students are participating. Visit http://www.rootsandshoots.org/campaigns/millionhours to log your hours and find out more information. And read about some of the local Roots & Shoots projects at http://sproutsofhopekids.blogspot.com/.

**Have a great week-**

Best,
Kristen
