

Tuesday, 5.29.12

Dear School District & Community--

Thank you for continuing to recycle as we purge & move. In so many ways - from composting to energy reduction to classroom projects - people are participating in the Cambridge Green Schools Initiative and taking care of our environment, every day. Thanks for all your hard work and positive efforts -- Kristen

- Products: "**Green Printers/Copiers Survey.**" Hundreds of you have responded already - thank you so much. If you haven't yet, please click here:
<https://www.surveymonkey.com/s/ZX652WK>.
- Food: "**Citysprouts.**" Interested in volunteering with CitySprouts or getting involved? As most of you know, Citysprouts has gardens at our schools and introduces school gardens as a core element of children's public school education. Click here to learn more about volunteering: <http://www.citysprouts.org/get-involved/volunteer-with-us>.
- Energy: "**Lowering our Energy Consumption.**" We have completed several energy-efficiency projects to reduce our carbon footprint over the past two years. Click here to read more about our energy projects and for more daily energy tips:
<http://www3.cpsd.us/sustainability/energy>.
- Waste: "**Recycling Stats.**" Please click the link below to read our schools' individual recycling statistics through April 2012:
<http://www.cambridgema.gov/theworks/ourservices/recyclingandtrash/aboutrecycling/Schools/recyclinginschools/recyclingreports.aspx>
- Greenspace: "**Kroka Expeditions.**" Do you want to live in the forest, learn outdoors skills, and work on a farm? Kroka's summer camps in New Hampshire and Vermont, and semester programs offer wilderness and nature learning. Check out Kroka's summer and year-round programs for educators, students, and families: <http://www.kroka.org/>.

Have a great week-

Best,
Kristen
