

Sample Grade 9 Schedules

Semester 1	Semester 2
HN English 9	HN Algebra 1
RSTA, Visual and Performing Arts or Media elective	Physics
History	Wellness 1 or dance and health alternating days
World Language	Elective or additional core academic course

Students who take both honors English 9 and Honors Algebra 1 or HN Geometry will have an opportunity to take either two electives or take one elective and double up on a core academic class taken in semester 1. Example: since this student took HN English 9 in S1 the student may enroll in HN English 10 in S2.

Semester 1	Semester 2
HN math or HN English	Wellness 1 or dance and health Alternating days
CP English or CP math	CP English or CP math
RSTA, Visual and Performing Arts or Media elective	World Language
Physics	History

Students who enroll in CP English or CP math which are yearlong courses will have an opportunity to enroll in only one elective in grade 9. CRLS encourages these students to take advantage of an elective in either RSTA, Visual and Performing Arts or Media Elective classes rather than doubling up in a core academic subject.

Semester 1	Semester 2
CP English 9	CP English 9
RSTA, Visual and Performing Arts or Media elective	Wellness 1 or dance and health Alternating days
CP Algebra 1	CP Algebra 1
Physics	History

For students enrolling in both CP English 9 and CP Algebra 1, CRLS recommends deferring enrollment in world language until grade 10. This allows the student to enroll in an elective course in grade 9.

If you should have any questions regarding the course sequencing of any course you may contact Lynn Williams, Coordinator of Guidance via email lwilliams@cpsd.us or 617-349-6698. In Addition, all rising grade 9 course selection information is located on the guidance web site.
